

Lady Lumley's School Newsletter

20th January 2017 Issue Number 362

Dear Parents, Carers and Friends

Each year we invite the Gideon's Society into school and, on Wednesday, in the Year 7 assembly each student was offered a copy of the New Testament. Another series of events happening annually are the Year 6 to 7 roadshows. On Thursday we had the first of these at Pickering Community Junior School. As well as hearing from Mrs Phippen, Mrs Smith and me, the Year 6 pupils and their parents had a student's view of Lady Lumley's from four of our current Year 7: **Duncan Barf, Charlie Ridler, Lydia Reeder and Tallulah Starbuck**. Tuesday was the first round of the 2017 house bake-off competition, something which I hope is also destined to be an annual event as I get to taste some of the fantastic entries!

On Friday we wished bon voyage ¡buen viaje! to the staff and students who are taking part in the visit to Spain as part of our exchange programme. The itinerary looks amazing with the first weekend spent with host families, Monday in school and then a visit to Toledo on Tuesday. On Wednesday there is a visit to Madrid followed by seeing the mountains around Manzanares. On their last day, the staff and students will visit a local museum in Colmenar Viejo before the flight home. ¡Wow!

Richard Bramley

LLS Bake Off Round 1

LLS House Bake Off commenced on Tuesday 17th January with students and some staff baking a 'meringue creation' at home. Students and staff then had to present their bake to the judges: Mr Rutherford and Mrs Hainsworth who gave scores out of 10 and a combined score out of 20.

The scores were as follows:

Mrs Holbrook 19pts (Hi), **Millie Hattersley** 18pts

(Ac), **Hollie Gill** 17pts (Ha), **Felicity Lloyd** 17pts (Hi), **Amy Ring** 16pts (Ac), **Skye**

Tarry and Abbie Peacock 15pts (Hi), **Emily Hunt** 15pts (Hi), **Erin Muscroft** 14pts (Fe), **Molly Harland** 14pts (Fe), **Olivia Goldy** 14pts (Ha), **Miss Weatherburn** 14pts (Hi), **Abbie Henry** 13pts (Ha) and **Charlotte Hall** 13pts (Ha).

Well done to all students who took part! The meringues were well presented with some swan shaped ones and equally tasty fillings! The students, judges and staff even enjoyed a quick quality assurance tasting session before heading to tutor time!

Students will now be split into two groups with one group in **Round 2A on Tuesday 24th January 12:20-1:30 p.m.** and the other group baking on **Tuesday 31st January in Round 2B (12:20-1:30 p.m.)**. The next round requires students to make, bake and present a minimum of 6 identical pastries (sweet or savoury)! The students score will then be added together from Round 1 and Round 2 to identify those going through to the 'Showstopper' final!

Year 8 English

This term's focus in Year 8 English is Poetry and what better way to reintroduce the students to it than through a murder mystery? The stage has been set, we know that a young lady has been killed on the moors but the question remains...who did it?

This week we have been honing our inference and deduction skills to question the 5 suspects and to continue to build up a picture of who the murderer was. These skills will need to be as sharp as possible when we analyse the poetry as there is always more than one answer from the clues offered.

Here you can see the students in role either as a suspect or as a detective. But who did it? The game is on...

House Pop Up Challenge

The Xbox Kinect was ready to go in Learning Support at lunch time on Tuesday the 10th January. 14 students took up the challenge earning valuable points for their houses. The scores are as follows:

Acland - 2,
Feversham - 4, Highfield - 7 and
Hainsworth - 9.

Great fun was had by all and it was certainly another successful Pop Up Challenge.

Keep an eye open for the next challenge and do come along and have a go!

Word of the Week - Formula

This is another word with multiple meanings and some of these meanings are very specific to school subjects. Out of school, we have Formula 1 racing (and formulas 2,3,4,E, Ford and BMW), infant formula (baby food, not a way of making infants) and a set way of doing things "my formula for a happy marriage is). In maths and sciences, a formula is a relationship between variables e.g. $F = ma$ or $y = mx + c$. In sciences as well, especially chemistry, a formula is a way of showing which atoms are in a substance. For example, water has the formula H_2O (2 atoms of hydrogen to 1 atom of oxygen). Glucose has the formula $C_6H_{12}O_6$ and this can be formatted to make ethanol C_2H_5OH . As Year 11 will tell you, there are also many types of formulas (or formulae) in chemistry (e.g. empirical, structural, general). As with most words, it is the context in which you use them that helps make it clear what meaning they have. Addition to last week's WotW. **Cupset** (just heard this said about the FA cup 3rd round).

Year 9 Netball Success

On Wednesday, the Year 9 netball team had a successful 13-3 win against Graham. Some fantastic shooting was displayed by Tia Elliot-Hobson and Lauren Winship along with some amazing defending from Evie Ellis, Katie Tomlinson and Caitlin Wilson. The girls will now progress into the next round of the cup. Well done to **Caitlin Wilson (GK)**, **Katie Tomlinson (GD)**, **Evie Ellis (WD)**, **Lauren McNichol (C)**, **Emily Robson (WA)**, **Tia Elliot-Hobson (GA)** and **Lauren Winship (GS)**.

It's Panto Time!

Well done to all at Pickering Musical Society for putting on a great show but a very big

congratulations to our students who are taking part and displaying tremendous talent putting on a fantastic fun show for all:

Courtney Brown, Lauren Campbell, Sam Cooper, Annalise Harper, Annie Inman, Danielle Long, Maisie Long, Toby Metcalf, Gracie McNally, Mr O' Cleirigh, Billy Patch, Alice Rose, Niamh Rose, Hollie Suggitt, Bethany Welburn, Hannah Woodward, Anna Wrench.

A170 Hungate Closure

Would all parents/carers please be aware that the A170 at Hungate in Pickering will be closed to eastbound traffic for a period of approximately 5 weeks commencing Monday 23 January due to gas main replacement.

Traffic going West towards Thirsk will be able to use Hungate as at present. Traffic going East towards Scarborough, will be redirected through the Market Place/Smiddy Hill, which will be one way only.

A temporary bus stop for EYMS will be sited on Market Place to replace the suspended bus stop at The Ropery. There will be a substantial increase of traffic around the market place and hence pedestrians, including our students will need to be extra vigilant in order to ensure they remain safe. There may also be a significant traffic impact along Middleton Road and Potter Hill.

IMPORTANT DATES

Monday 23rd January

Student Voice, LS2 1.30 p.m.

Tuesday 24th January

House Bake Off Round 2A, 12.20-1.30 p.m.
